

Web3 Storage Record

I, Richard The Living Strmiska, affirm my sovereign record on the decentralized web. This record is anchored to the following DID: DID: z6MkmUfqiw2RsTgRzreucZF2QBZpbfcCamTdwVRgdWt94rtF
This DID and its corresponding root CIDs stand as immutable proof of my existence, declarations, and sovereign acts in this time. Each CID represents a timestamped evidence record, secured in perpetuity against alteration. These are my living proofs in the chain of sovereignty.
